Canada is very inclusive? Agree or disagree?

Questions and Suggestions for Classroom Use:

1. How would you define “inclusive”? What are different types of inclusivity in Canadian society?
2. How would you answer the survey question? Explain your answer.
3. What do you think might explain why 20 per cent of people do not feel Canada is inclusive?
4. Find three types of evidence that support the statement that Canada is inclusive. Find three types of evidence that challenge that statement.
5. Comment: Teachers should ensure that students understand that the graph shows perceptions (what percentage of respondents *believe* that Canada is inclusive), *not* the percentage of respondents who are inclusive.
